Robic SC-502T Countdown Timer

Countdown timer with alarm. Easiest to use. Dedicated countdown timer. Set times from 1 second to 100 minutes. Extra loud alarm signal. Large digital display. Time out (pause) timing. One touch memory reset allows the same countdown timing period to easily be repeated. Will operate silently or with a confirmation beep tone. Time can be "locked" so the setting is not accidently reset with the press of a button. Long life battery. One year warranty.

Ultrak 310 Event Timers in Seven Colors

The Ultrak 310 is a simple event timer that is ideal for students, volunteers and other occasional timers! All other entry-level stopwatches include a mode that takes users out of the stopwatch function and into time, date, alarm, etc. This has the potential for throwing those who seldom use a stopwatch for a loop, particularly event volunteers. The 310 was built specifically for infrequent timers like volunteers and students. Features include start/stop and reset. Measures to 10 hours. Available in 7 colors. Includes lanyard.
